CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (CIRMi889-A)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg®):
<https://hpscereg.eu/cell-line/CIRMi889-A>

Type of cell line
hPSCreg® ID
Other name(s)
Generating institution

Human induced pluripotent stem cell
CIRMi889-A
CW30200
California Institute for Regenerative
Medicine

Derivation country
Associated disease
Evidence of pluripotency

United States
Dilated Cardiomyopathy

Evidence for ethical provenance provided

Yes
Yes

The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
